RULES FOR THE EXHIBITORS

Thousands of Letters Are Pouring In Daily From Farmers and Manufacturers.

When engaged in mapping out the plan for the coming first annual exhibition of the Virginia State Fair Association, President Henry C. Stuart took as his motto the object of advertising and promoting the many and varied industries of every section of Virginia. This is the aim and purpose of the exhibition, which was started on October 9th in 1904, and has since that time been a success.

When the 1906 copies of the prize list have been distributed, there has been a great increase in the interest which has been shown in the exhibition. The prize list for the State Fair was started on October 9th in 1904, and has since that time been a success.

School and College ADVERTISING

IN this issue The Tribune prints more lines of Educational Announcements than have ever been printed in any American newspaper or magazine.—Chicago Tribune, September 2d.

In this issue that the Chicago Tribune is boastful of, and justly so, it printed 14,338 lines (1,024 inches) of school advertising, and it doubtless would have been a record-breaker had not The Times-Dispatch printed on July 13, nearly two months previous to the Tribune's issue, 22,470 lines (1,605 inches) of educational announcements, nearly twice as much as the Tribune.

The Times-Dispatch is supreme in America in this field of advertising.

EVIDENCE AS TO HIPPLE'S METHODS

He Probably Resorted to Forgery in Order to Protect Himself.

DIRECTORS NOT RESPONSIBLE

PHILADELPHIA, Pa., September 8.—Additional evidence as to the methods employed by Frank K. Hipple, the editor of the *International Match Company*, was revealed today by the State and county investigators who are looking into the affairs.

Information made yesterday by Attorney Bell that Hipple resorted to forgery in order to obtain money for himself was fully confirmed today when the district attorney found two notes, one for \$5,000 and the other for \$12,000. The first note was made to "J. W. Schwartz" and the collateral named was forty thousand shares of *International Match Company* and \$500 shares of the Washington, Alexandria and Mount Vernon Electric Company. The other note bore the name of "J. W. Bell" and the collateral entered into it was 10,000 shares of the new Alexandria Land and River Improvement Company.

It is the opinion there are no such persons as "J. W. Schwartz" and "J. W. Bell." At least it has been unable to discover their addresses, or any evidence that they exist. The collateral which they are purported to have furnished is worthless.

It is believed that Hipple took the money for his own use and entered the bogus collateral with the names of directors of the company. This theory is supported by the fact which I learned yesterday that Hipple always paid the interest on these loans himself. There is no record of any interest having been received from Schwartz or Bell.

Particular attention is now being paid by the State and county to the examination of the books of the directors and officers of the company. It is believed that the directors of the company are not responsible for the actions of Hipple.

It is the opinion there are no such persons as "J. W. Schwartz" and "J. W. Bell." At least it has been unable to discover their addresses, or any evidence that they exist. The collateral which they are purported to have furnished is worthless.

ALLEGED ASSAULT UPON TWO GIRLS

Case Not Made Out by Testimony and the Man Goes Free.

MEXICAN WAR VETERANS

One of Most Effective Confederate Organizations in the South.

(Special to The Times-Dispatch.) PETERSBURG, Va., September 8.—The case of Joe Hill, colored, charged with assault upon Ruth and Henrietta Moss, two young colored girls, several nights ago, was heard in the Mayor's Court this morning. It was thought at first that the more serious charge of attempted criminal assault would be made out, but the case developed into a misdemeanor, and Hill was sentenced to jail for three months.

Petersburg has three citizens, honored and respected in the community, who are veterans of the Mexican War. They are David F. Shields, J. B. Spotswood and Joseph Carter, the only survivors of Captain P. H. Archer's company of Petersburg Volunteers, who went out to the Mexican War in 1847. There were only six men in this company, most of whom were wounded or killed. The company was disbanded in 1848, and the survivors were given a pension by the Federal Government.

DEATH OF SARANG GRAVE OCCASION

Chinese and Indians Stand by Leader Through Thick and Thin.

RITES BRIEF AND SIMPLE

Another Sarang Will Be Chosen Immediately by the Orientals.

(Special to The Times-Dispatch.) NORFOLK, Va., September 8.—A Mohammedan funeral was solemnized in Norfolk today. It was that of Sarang, leader of the Indian crew of the British steamship *Isis*. Sarang was killed on the ship when it was attacked by a pirate vessel on Thursday night. The death of Sarang was a grave occasion for the other crew members of the ship, who were all of Chinese and Indian descent.

The funeral was held at the residence of Sarang's father, who had been chosen his leader in temporal affairs. He was the final arbiter of all questions among them and received news from the ship's officers for all of his followers.
